Section 1 - PREAMBLE

1.1 The Manual of Operations is a document designed to be used in conjunction with the constitution of the HSMHA. The purpose of the Manual of Operations is in general, to provide direction and to facilitate the intent and spirit of the constitution. Specifically the contents relate to the conduct of players, team officials and teams while participating in HSMHA activities. The Executive Committee in accordance may make changes to the Manual of Operations.

1.2 The Executive Committee may make and implement further changes to the Manual of Operations between General Annual Meetings. These changes must be presented at a general executive meeting, discussed and passed by a majority of attending executive members. All such changes become resolutions of the Manual of Operations and all such changes must be brought forward to the next Annual General Meeting. Failing a majority endorsement at the Annual General Meeting, these resolutions must be rescinded. Once rescinded, the intent of the resolution may not be further implemented until passed by a majority vote at a subsequent Annual General Meeting. A resolution receiving the support of a majority vote at the Annual General Meeting becomes a bylaw, and becomes part of the Manual of Operations.

1.3 Through the various programs established by the Association, the HSMHA is attempting to give an opportunity for all participants to play at a level where the caliber of play is equal to their ability and provides a wholesome environment and an experience for personal growth and team play.

Section 2 - REPRESENTATIVE HOCKEY – OMHA

2.1 OMHA teams will be comprised of Class I members who desire a high level of competition and are willing to make a tremendous commitment in time and finances to the operation of the team.

Players will participate in “try outs” at the beginning of the season and the successful candidates will be chosen to represent HSMHA in the Novice through Juvenile age categories (as the coaching and player resources exist). All Class I members will abide by the rules and regulations of the Association and its governing bodies. All classes of members participating in OMHA hockey understand that they represent the HSMHA and the community at large and are expected to conduct themselves in an exemplary manner. Competition and success are integral parts of OMHA hockey. Player ice time during games is earned based on skill, performance, attitude, commitment and practice attendance. Coaches will strive to combine team progress with individual player development.

Section 3 - LOCAL LEAGUE PHILOSOPHY

3.1 The Philosophy of the Local League is based upon a recreational hockey theme. The Association will endeavor to provide recreational hockey with an emphasis on skill development and fair play. To that end, the Association will provide programs in which each participant may maximize their potential as an athlete and a person. The development of highly skilled hockey players is not the priority or goal of the recreational based program. It is hoped that through the various programs offered, players will develop, who by choice, can progress to the more competitive teams. Local League ice time is equally divided in as fair a manner as possible.

Section 4 - PHILOSOPHY OF PROGRESSIVE DISCIPLINE

4.1 The Association will define progressive discipline as a four-step process.

4.2 The process and the delivery of the philosophy of progressive discipline will be the responsibility of the Discipline and Ethics Committee in consultation with the Executive Committee. The Discipline and Ethics Committee may consult with parties that are not members of the Association in their capacity to carry out this philosophy. In all cases any action, suspension or sanction carried out, in good faith by the Discipline and Ethics Committee and supported in good faith by the Executive Committee, shall be final. Any appeal of such action, suspension or sanction is subject to ARTICLE 6.01 of the constitution. Any action, suspension or sanction shall be enforced despite a pending appeal. It is recognized that a successful appeal will cause any action, suspension or sanction carried out in good faith by the Discipline and Ethics Committee to be terminated at the time the appeal is declared successful by the Executive Committee. It is further recognized that any action, suspension or sanction carried out in good faith by the Discipline and Ethics Committee cannot be undone prior to the time the appeal is declared successful by the Executive Committee

4.3 Step 1. Codes of Conduct, expectations of members, member roles, and consequences in the event of infractions will be made available to all members through the Executive Committee. By “reverse onus” all members with the exception of Class I members must be aware of these expectations and consequences. (Reverse onus implies in this case that all members with the exception of players are responsible to be aware of their membership responsibilities.)

Class I members will be informed, at the beginning of the season by team officials under the direction of the Discipline and Ethics Committee, of the Association’s and team’s expectations and their Class I membership responsibilities. This notice must be given and witnessed.

4.4 Step 2. In the event of the first infraction of the Codes of Conduct, expectations of members or member roles the offender will have the particular Code of Conduct, expectation of members or member role along with the consequence (as defined by Step 3 and Step 4) presented to him/her by the team officials under the direction of the Discipline and Ethics Committee.

4.5 Step 3. The second infraction by a member of a Code of Conduct, expectation of members or member roles will result in the imposition of sanctions as deemed appropriate by the Discipline and Ethics Committee. In the event that the second infraction is committed by a Class I member the following procedure will be followed: A meeting will be arranged to take place in a private setting attended by the member and parent or guardian where appropriate, the head coach, at least one other team official, and at least one member of the Discipline and Ethics Committee. This meeting will take place as close to the time of the second infraction as possible or before 48 hours has transpired. The Discipline and Ethics Committee may request direction from the Executive Committee or other members or parties as required in order to make a decision with respect to an infraction.

4.5.1 A second infraction by any other class of member will result in the imposition of sanctions as deemed appropriate by the Discipline and Ethics Committee.

4.6 Step 4. The third infraction by a member of a Code of Conduct, expectation of members or member roles will result in the cancellation of the member’s membership for a period as deemed appropriate by the Discipline and Ethics Committee. The duration of the suspension of the member may be in addition to any suspension or action imposed by the OMHA, OWHA or any prescribed action in the Manual of Operations or Constitution of the Highland Storm Minor Hockey Association. The Discipline and Ethics Committee will report

in writing the events that transpired leading up to the incident and the prescribed action/suspension levied against the member to the Executive Committee. The Discipline and Ethics Committee may request direction from the Executive Committee or other members or parties as required in order to make a decision with respect to an infraction.

4.6.1 In the event that a third infraction is committed by a Class I member the following procedure will be followed: A meeting will be arranged to take place in a private setting attended by the member and parent or guardian where appropriate, the head coach, at least one other team official, and at least two members of the Discipline and Ethics Committee including the President or Vice President of the Association. This meeting will take place as close to the time of the third infraction as possible. The Discipline and Ethics Committee will report in writing the events that transpired leading up to the incident and the minutes of the meeting and the prescribed action/suspension levied against the member to the Executive Committee. The Discipline and Ethics Committee may request direction from the Executive Committee or other members or parties as required in order to make a decision with respect to an infraction.

4.6.2 A third infraction by any other class of member will result in the imposition of sanctions as deemed appropriate by the Discipline and Ethics Committee.

4.7 The Executive Committee will develop criteria and consequences relating to the contravention of general and specific philosophies of the HSMHA.
